

Customer briefing

LLU Plan and Build draft product definitions for proposed new products

Issue date: **30/04/2008**

Status: **For Information**

Ref: **GEN035/08**

This briefing gives notice of proposed new LLU Plan and Build products and is for all LLU and Ethernet Communications Providers.

This briefing is to notify Communications Providers that draft product descriptions for proposed new LLU Plan and Build products intended for subsequent launch in 2008 will be available on the Plan and Build Product Information website below from 1st May 2008.

http://www.openreach.co.uk/orpg/products/llu/planbuild/plan_build.do

The new product proposals will include:-

- Access Locate
- MCU Max and MCU Max Aux (upgrades)
- Basic Single Rack Space
- Complete Single Rack
- Point of Presence (POP) Re-Allocation

In support of the above products it is intended to hold a one day event at Battersea T.E. on the 13th May 2008 giving Communications Providers the opportunity to review and discuss the product proposals.

Invitations to this one day event have been sent directly to Communications Providers.

If you wish to discuss the information contained within this brief, please contact your Customer Business Manager.
