

Customer briefing

Openreach Future Access industry forum - 15th January 2008

Issue date: 04/12/2007

Status: For Action

Ref: GEN037/07

This briefing is applicable to all Communications Providers and relates to Openreach Future Access (Next Generation Access Fibre) products.

Openreach Future Access Forum – 15th January 2008 in the BT Tower, London

Openreach Future Access (OFA)

We are pleased to advise our customers that Openreach Future Access is the new name to cover Openreach's activity relating to fibre products. The Fibre Products Forum will therefore now be known as The Openreach Future Access (OFA) Forum.

To start 2008 on a high, the first OFA Forum of the year will be held on 15th January 2008 in the BT Tower. Please note that our plan to hold a web-conference in mid-December will not now be possible.

Full details of the OFA Forum, which is likely to be an all day event, will be sent with the invitation in the next two weeks, but please make sure you place this date in your diaries.

Meanwhile if you have any items you wish to add to the agenda please email Andrew Sheppard at andrew.sheppard@openreach.co.uk with 'Openreach Future Access Forum' in the email header.

For more information on Openreach Future Access please visit our website at http://www.openreach.co.uk/orpg/products/nga/nga_hp.do

If you wish to discuss the information contained within this brief, please contact your Customer Business Manager.
